

Thomas W. Jones, Jr., M.D. • Thomas W. Jones III, M.D. • Thomas B. Osgood, M.D.

Dear Patients, Friends, and Family,

June 11, 2024

Exciting things are happening at Physicians Eye Clinic. On July 31, 2024, my 71st birthday, I will retire from my 40-year practice and pass the baton onto the next generation of ophthalmologists.

It has been a privilege to be an ophthalmologist, to have you as a patient and to be a part of the medical community in our area. I am deeply grateful for your trust and loyalty and for the opportunity to serve you and your family members for all these years. Your support and friendship have meant the world to me. Thank you!

Fortunately, being an ophthalmologist is very rewarding. Most of the time, our patients SEE BETTER and experience positive results immediately. As my wife says, "We change the way people see the world, one eye at a time".

As most of you know, my son, Dr. Thomas William Jones III, joined the practice seven years ago. Dr. Thomas Osgood, with years of experience, joined our team last year, and we will Welcome Dr. Alex Beazer next week. All are wonderful, competent doctors committed to meeting your future eye care needs.

I want to thank my staff and the doctors I have practiced with throughout the years. Being a part of the Physicians Eye Clinic family has been a pleasure and honor.

My daily routine will change. I have loved my work, but it is time for new beginnings and to see what retirement is all about. It is time to do less and be more. I plan to spend more time in the Blue Zone, exploring nature and traveling. Most importantly, I am looking forward to grandparenting my six grandchildren and spending more quality time with my family.

Again, my thanks to you! All the best to you and yours.

Sincerely,

Dr. Thomas William Jones, Jr
